

DO A DAILY HEALTH SCREENING Before Sending Your Child to School

To help ensure safe and healthy schools, we request that all parents/caregivers perform a daily health screening for their students prior to sending them to school on an in-person learning day. Please use the Minnesota Department of Health (MDH) [screening tool](#). Here is a summary of the screening tool:

Does your child have one or more of these symptoms?

Fever of 100.4 degrees or higher

Fever

Difficulty or trouble breathing

Breathing

New cough or a cough that gets worse

Cough

New loss of taste or smell

Loss of Smell

✓ If you answer **“Yes”** to at least one of the above symptoms:

- ▶ Please keep your child home when sick; DO NOT send them to school.
- ▶ Contact your school's attendance line to report your child absent.
- ▶ Consider contacting your health care provider.

Does your child have two or more of these symptoms?

Sore throat

Nausea

Vomiting

Diarrhea

Chills

Muscle pain

Excessive fatigue (extreme tiredness)

New or severe headache

New nasal congestion or runny nose

✓ If you answer **“Yes”** to at least two of the above symptoms:

- ▶ Please keep your child home when sick; DO NOT send them to school.
- ▶ Contact your school's attendance line to report your child absent.
- ▶ Consider contacting your health care provider.

Close Contact

Has your child had close contact (within 6 ft for 15 minutes or more) with anyone who is positive for COVID-19. OR do you have a household member waiting for COVID-19 test results?

▶ Please keep your child home. Your student can return 14 days after the last close contact with someone with COVID-19.

▶ Even if your child has a received a negative COVID-19 test, they cannot return to school until 14 days have passed since they had close contact.
